Happy Hippos - A

Dear Parent, In an effort to make their contribution to the holy month of Ramadan and learn about the spirit of giving, a **Charity Drive** was organized and the children helped stock up the **Ramadan Fridges** for the needy. In a continuous attempt to learn values from the "**Year of Tolerance**" the children enjoyed dressing up in traditional attire demonstrating diversity of cultures. With the onset of summer the children are all set to beat the heat with super cool activities in the upcoming **Tic-Tac Trotters Holiday Program**. **East Sport Management (EMS)** initiated our little learners to basic sporting skills. The children enthusiastically participated in fun sporting action to learn skills required and discover their talent. The professional approach of the EMS staff along with dedicated efforts of NDN faculty saw happy kids learning to play in our **Active Kids Program**.
